A NEW HOTEL.

With the present movement or agitation to build a new and up-to-date hotel in Laurens, The Advertiser is thoroughly in sympathy. That there is an urgent need and a widespread demand for the hotel in this city cannot be denied. For years the city has been a back number, so to spreak, in the way of hotel facilities and the Cures Old Sores, Other Remedies Won't Cure.

present hotel owners suffer any loss es that might come about by the building of a newer structure in any other part of the city, but we feel that the public demand for a hotel in this city is such that we must have one some how or other. We are quite sure that the business people of Laurens, to a man, would co-operate with the owners of the present hotel property in bringing it up to a condition commensurate with the size and dignity of the town. There is no need of arguing the need or the advantages of a better equipped hotel. It seems to us that the only thing needing dishow to get it. The people of Laurens build a hotel in keeping with the size and growth of the city.

Awakening in This State.

In Laurens county two school distriets have consolidated and erected needs of the community. This one school will take the place of two former schools. Children from re taken to the school, and brought home again each day in a conveyance provided for this purpose. In adopting this plan of school consolidation the patrons of the two Laurens districts show their appreciation of improved educational plans. Two small schools. neither which is adequately equipped, cannot do the efficient work which one large school can do. Concentration of which scattering efforts, and makeshift facilities can never hope to foot-ball game between the teams of bring.

This action of the Laurens county districts and of Capt. J. W. C. Bell. a resident of Renno, in donating four demand that the children be given the same chance in life that children of other States enjoy. The Renno consolidated school is being conducted in accordance with modern ideas. The Civic League is endeavoring to make the grounds attractive, thus adding to the cultural value of the institution. The two districts voted a special five mill tax for the maintenance of the

are to be commended for their progressiveness. They have done what the fact remains that many communities do not act so intelligently, hence the Laurens districts have distinguished themselves.
